## Delivering A Message

Lois Lowry, author of *Number the Stars*, a book telling the story of the Danish resistance to the Holocaust as seen through the eyes of a young Danish girl during World War II, speaks Thursday at the Reg Lenna Civic Center. The book won a Newbery Award for literature in 1990. Ms. Lowry spoke twice for area sixth-graders with more than 1,000 pupils and teachers hearing her message. Nine additional classrooms participated by videoconference.
